From City Manager Troy Powell

Under the direction of The Colony City Council, my office oversees all of the city's day-to-day operations and services, including management of the city's budget. These tasks are accomplished in partnership with a team of dedicated and professional departmental directors with whom I am proud to serve alongside for the betterment of this wonderful community and its residents.

It is also my responsibility to ensure the vision for the future of the city is realized, as determined by the council and the constituents they represent. It is my belief that The Colony is now and will continue to be a vibrant, evolving community that attracts new residents, visitors and businesses eager to become a part of that future.

Mosquito season continues

We are now in the middle of the mosquito season, so residents are urged to take a proactive approach to battling mosquitos on their private property. The best way to do this is by learning and following the “4 Ds:”

Dress to protect: Wear long sleeves and long pants.

Dusk and Dawn: Avoid being outside at these times.

Defend: Wear insect repellent with DEET, Picaridin, Oil of Lemon Eucalyptus or an effective alternative.

Drain standing water: Eliminate any water that stands for longer than 5 days or treat water with larvicide according to the label.

The City of The Colony has a weekly mosquito trapping and testing program. So far in 2014, all tests have been negative for West Nile virus. To help combat West Nile in The Colony, all residents are asked to be alert to issues that may be taking place on private property in your neighborhood. The City needs to know about green pools, spas, non-draining boats, old tires, or anything that is non-maintained and holds water. The City can only address issues that are visible from a public right of way (i.e. alley, sidewalk or street). To report issues, please call 972-624-3160 or email mosquitoes@thecolonytx.gov so we can address the hazards. Please be sure to include the address of the problem when leaving a message.

Update from the Chief

Chief Scott Thompson

Preventing carbon monoxide poisoning

These guidelines from the CDC can help you avoid exposing your family to carbon monoxide:

- Have your heating system, water heater, and any other gas, oil, or coal burning appliances serviced by a qualified technician each year.
- Install a battery operated CO detector in your home and change the batteries when you change your clock in the spring and fall.
- Do not use a generator, charcoal grill, camp stove, or other gasoline or charcoal burning device in your home or garage.
- Do not heat your house with a gas oven.
- Do not leave your car running in the garage, even with the door open.
- If your CO detector sounds, evacuate the home and call 9-1-1.

Symptoms of CO exposure

- | | |
|-----------------------|------------------------|
| Headache | Sleepiness |
| Dizziness | Loss of muscle control |
| Nausea | Chest tightness |
| Weakness | Confusion |
| Vomiting | Blurred vision |
| Loss of consciousness | |
| Shortness of breath | |
| Light-headedness | |

The Colony's History at a Glance

In 1973, Fox and Jacobs (F&J), a Dallas-based residential land developer, purchased approximately 2,500 acres of land on the eastern shore of Lake Lewisville and south of Eastvale for a housing development. The name The Colony was chosen because F&J felt a strong sense of kinship with Texas' early developers and also to memorialize the spirit of

Peters Colony providing a new way of life – a goal Fox and Jacobs wanted their new development to share, as well.

A Municipal Utility District was then formed to provide public water services to the development. In 1974, streets were poured and many were named after early settlers and members of the crew working on the project. The first families moved into their homes in October 1974. By January 1977, The Colony had over 3,500 residents and voted to incorporate as a city. The Colony became a Home Rule city in 1979.

Fox and Jacobs built and donated a fire station in 1975; the first business was a Stop 'n Go convenience store, opened in 1976; the first churches to open were the Methodist and Baptist churches; the first public school, Camey Elementary, opened in 1977; and The Colony Public Library opened in 1982.

Today, substantial business and retail development is progressively changing the landscape of The Colony. The city's population is currently around 40,000, with more increases expected in the next several years. To quote a recent *D Magazine* article, "The Colony is red hot!"
