TREE CITY USA

From City Manager Troy Powell

Under the direction of The Colony City Council, my office oversees all of the city's day-to-day operations and services, including management of the city's budget. These tasks are accomplished in partnership with a team of dedicated and professional departmental directors with whom I am proud to serve alongside for the betterment of this wonderful community and its residents.

It is also my responsibility to ensure the vision for the future of the city is realized, as determined by the council and the constituents they represent. It is my belief that The Colony is now and will continue to be a vibrant, evolving community that attracts new residents, visitors and businesses eager to become a part of that future.

Mosquito season continues

The Colony received its first positive pool test results for 2014 in the area around Blair Oaks Drive and Strickland Avenue. Spraying for mosquitoes in that area was completed on Aug. 24-25. Additional positive pool tests were later reported in the Ashley Gardens area of The Tribute and Augusta Park. Truck-mounted treatments took place in those areas the nights of Aug. 30 and Sept. 1.

As the City continues its proactive approach in prevention of mosquito-borne disease sources on public property, we want to remind everyone that the best prevention for everyone is through education and personal protection, especially for the elderly and those with health issues, by following the “4 Ds” listed below:

- **Dress to protect:** Wear long sleeves and long pants.
- **Dusk and Dawn:** Avoid being outside at these times if possible.
- **Defend:** Wear insect repellent with DEET or an effective alternative.
- **Drain standing water:** Eliminate any water that stands for longer than 5 days or treat water with larvicide according to the label.

Residents are encouraged to visit the following websites for more information about West Nile virus:

- **City of The Colony:** <http://www.thecolonytx.gov/Depts/PARD/mosquitocontrol.html>
- **Texas Department of State Health Services:** <http://bit.ly/NDuEtq>
- **Denton County Health Department:** <http://tinyurl.com/ng23knj>

For additional information regarding mosquitoes and the City's mosquito treatment plan, contact Community Services Director Pam Nelson at 972-624-3958, via email at pnelson@thecolonytx.gov, or visit www.thecolonytx.gov/Depts/PARD/mosquitocontrol.html. If you notice standing water on private property, please contact The Colony Community Image Department at 972-624-3160.

Update from the Police Chief

Chief David Coulon

We are entering a great period of change and growth in The Colony, and I am excited to now be a greater part of this change! I have lived here for more than a decade and have seen many changes in the city and surrounding area since moving in. I am now fortunate enough to both live and work here. When I moved here in 2001, I chose The Colony for the community values, great neighborhoods and fine schools. I am happy to say that since that time, The Colony has only gotten better.

The men and women of your Police Department are dedicated, caring and professional. The personnel have done a great job keeping crime low and adding value to this community through programs such as School Resource Officers, online crime mapping, Citizen's Police Academy, National Night Out, Police Explorer Post and maintaining a caring and humane Animal Shelter. In addition to these services, the employees at the Police Department have sought out training opportunities, partnerships and community involvement in order to become better officers and employees.

I believe that a police department is only the most visible part of law enforcement and crime prevention. *All the citizens* of a community must take an active role in keeping their community safe. The police must have the skills and knowledge to solve community issues and aggressively pursue those who disrupt our peace and threaten the values of our city. It is truly a group effort, and this Police Department embraces the role of working with the citizens, council and city staff to identify and correct issues that need attention.

You often hear about “Community Policing.” Community Policing is about two things: problem-solving and partnerships. I believe strongly that we must hire employees capable of doing each of these things exceptionally and then support them in those roles. Problem-solving and partnerships both involve the Police Department working with the citizens and businesses of the community to keep this city safe and secure. When the police and community members commit to make these two approaches work, we can accomplish our goal of making our city even better!

At left, incoming The Colony Police Chief David Coulon was sworn in on Sept. 2.

In 1973, Fox and Jacobs (F&J), a Dallas-based residential land developer, purchased approximately 2,500 acres of land on the eastern shore of Lake Lewisville and south of Eastvale for a housing development. The name The Colony was chosen because F&J felt a strong sense of kinship with Texas' early developers and also to memorialize the spirit of Peters

Colony providing a new way of life – a goal Fox and Jacobs wanted their new development to share, as well.

A Municipal Utility District was then formed to provide public water services to the development. In 1974, streets were poured and many were named after early settlers and members of the crew working on the project. The first families moved into their homes in October 1974. By January 1977, The Colony had over 3,500 residents and voted to incorporate as a city. The Colony became a Home Rule city in 1979.

Fox and Jacobs built and donated a fire station in 1975; the first business was a Stop 'n Go convenience store, opened in 1976; the first churches to open were the Methodist and Baptist churches; the first public school, Camey Elementary, opened in 1977; and The Colony Public Library opened in 1982.

Today, substantial business and retail development is progressively changing the landscape of The Colony. The city's population is currently around 40,000, with more increases expected in the next several years. To quote a recent *D Magazine* article, "The Colony is red hot!"
